

N-gram Language Models

Felix Borisov Timofei Simon

June 2, 2024

Abstract

This is a brief summary of your essay. It should be concise and informative.

Contents

1	Introduction	2
2	Main Section 1 (FELIX)	2
2.1	Subsection 1.1	2
2.2	Subsection 1.2	2
3	Fortgeschrittene Konzepte und Techniken in N-Gramm-Modellen (Borisov Timofei)	2
3.1	Was ist un-seen N-Grams?	2
3.2	Smoothing Techniques.	2
3.3	Vergleich von N-Grammen und neuronalen Netzen.	2
4	Main Section 3 (SIMON)	3
4.1	Subsection 3.1	3
4.2	Subsection 3.2	3
5	Conclusion	3

1 Introduction

This is the introduction section where you provide background information on your topic and outline the structure of your essay.

2 Main Section 1 (FELIX)

2.1 Subsection 1.1

Here you can start discussing the details of your first main point. For example, algorithms are a fundamental part of computer science and understanding them is crucial for any software developer. As stated in [1], algorithms are essential for efficient problem solving in computing.

2.2 Subsection 1.2

Continue with further details and analysis related to your first main point.

3 Fortgeschrittene Konzepte und Techniken in N-Gramm-Modellen (Borisov Timofei)

3.1 Was ist un-seen N-Grams?

Discuss the details of your second main point.

3.2 Smoothing Techniques.

Further details and analysis related to your second main point.

3.3 Vergleich von N-Grammen und neuronalen Netzen.

Further details and analysis related to your second main point.

4 Main Section 3 (SIMON)

4.1 Subsection 3.1

Discuss the details of your third main point.

4.2 Subsection 3.2

Further details and analysis related to your third main point.

5 Conclusion

Summarize the main points discussed in your essay and provide your final thoughts.
